FROM CONNECTIONS TO CAPITAL: BUILDING RELATIONSHIPS THAT BUILD NATIONS

The world's most influential family offices are not merely writing cheques—they are shaping industries, creating jobs, funding innovation, and driving sustainable growth.

As investment bankers, our role extends beyond arranging capital. We bridge visionary entrepreneurs, transformative projects, institutional investors, sovereign funds, family offices, and global strategic partners to create long-term value.

At Scorpion Capital, we believe that every successful transaction begins with trust, credibility, and a compelling vision.
Capital follows conviction.

The attached map of leading family offices in New York serves as a reminder that opportunities are created when preparation meets the right network. Whether it is infrastructure, hospitality, technology, ESG, real estate, manufacturing, healthcare, aviation, or cross-border investments, the future belongs to those who can connect ideas with capital.

As we continue our journey across India, Nepal, Bhutan, the Middle East, Europe, and global financial markets, **our commitment remains unchanged:**

- ✓ Unlocking growth capital
- ✓ Structuring complex transactions
- ✓ Creating global investment opportunities
- ✓ Building strategic partnerships
- ✓ Delivering sustainable value for stakeholders
